

Teacher's Guide

1st Grade Activity #2

LOVE IS

Love is many things. When we know what love is, we can act in love more and help others. We can also feel better about ourselves and behave better towards others.

Have your students work through the word search puzzle on the accompanying pages. Please remember to explain definitions of words to your students that they may not understand. You can use synonyms or examples to explain the words. You may want to share a story of how someone acted in love towards you to give the students a concrete example of what love is.

Word Search Words

Forgiving	Rejoices	Trusts	Modest
Perseveres	Supportive	Gives	
Patient	Friendly	Kind	
Selfless	Honorable	Projects	

The word search was developed by The Banks Foundation, Inc. We used wordsearch.com to create the word search puzzle on the following pages. You can do this word search online at www.wordsearch.com. The link is provided on the word search page.
